NUMBER 42

LOCAL DOCTORS ADVISE ON MEASLES

The prevention of measles is an exceedingly difficult matter because of the universal susceptibility, and because of the fact that the infection can be conveyed long before the rash has appeared and the case has been recognized.

The disease is transmitted by means of excretions of the mouth and nose. Measles in the pre-eruptive stages in most cases is very infectious, and unless the suspicions of measles is aroused, most of the harm has been done.

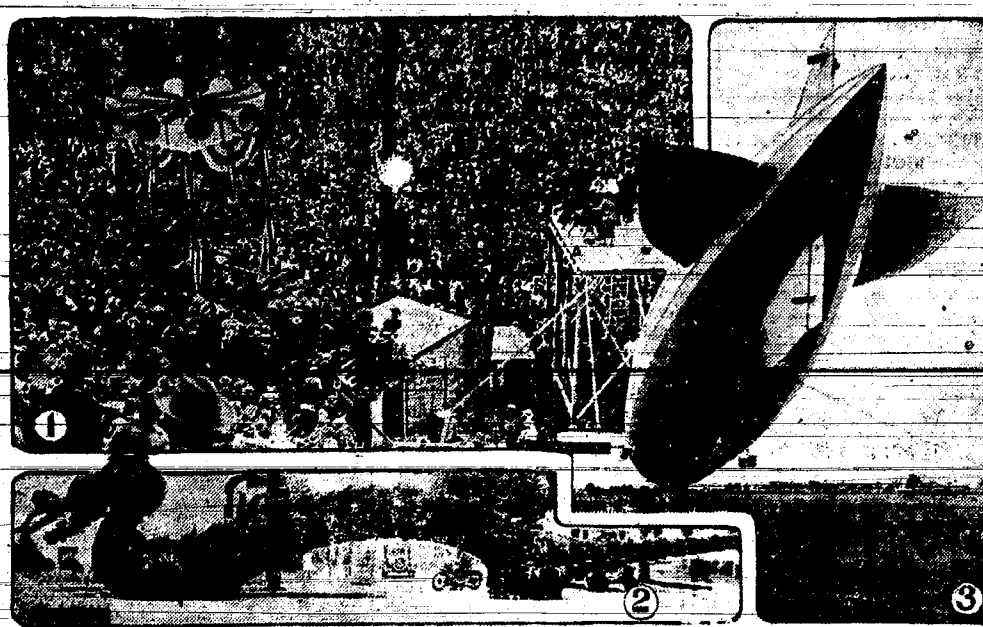

The incubation after infection or when exposed is approximately two weeks. Second attacks have been noted with considerable frequency. Children of the family who have not been vaccinated should be excluded from schools and other educational campaigns among parents and other associates must be carried on.

If a child or adult shows evidence of catarrhal inflammation of the nose and throat and there is headache, temperature of 98° or over, the individual should be isolated. The

quarantine period extends from the catarrhal symptoms to seven days after the appearance of the eruption; providing the eruption has disappeared and the child is otherwise well. All cases must be reported to the doctor or health officer and failure to do so will mean prosecution. All children are requested to remain away from the movies, churches, and all public gatherings and the pernicious gathering among children until further notice.

THE TOP O' MICHIGAN POTATO AND APPLE SHOW OCT. 31-NOV. 1-2

The Top O' Michigan Potato and Apple Show is offering a premium list which again amounts to \$1,000. Some of this money has been used to promote the various contests held in connection with this Show. The Essay Contest, which is open to Boys' and Girls' Club members and to students in vocational agriculture and home economics, offers \$40.00 for the first four places. The grading contest which is open to everyone and is divided into fourteen places, offers \$80.00 and the apple pie baking contest, which is being held for the second time this year, offers prizes totaling \$50.00. The potato paring contest offers \$17.50 for ten places. The adult

1—Scene in Elizabethton, Tenn., when Herbert Hoover was delivering his address at the fair grounds. 2—Passenger's point of view, a dragon maid of flowers nearly a block long. 3—Stern view of the huge dirigible Graf Zeppelin ready for her flight from Germany to the United States.

TOO LATE TO BUILD HIGHWAY GARAGE

STATE TO FINANCE OWN NEXT SPRING

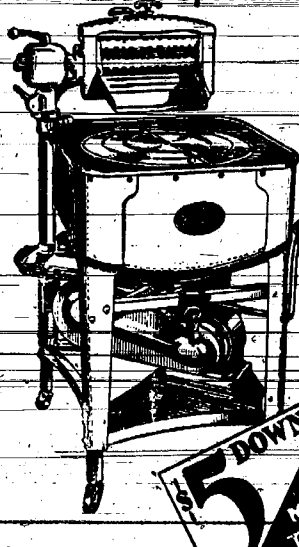

For several weeks there has been concerted effort on the part of the Board of Trade, the Village and county officials to try and induce the State Highway department to move its regional headquarters back to Grayling. The headquarters were moved from Grayling to Lansing last spring because of some differences of opinion between the County Road commission and the State department. The State Highway department has since maintained an interest in returning to Grayling but hoped to be able to construct a new, modern, fireproof garage for their convenience. As no fund is available for that purpose at this time, some of our local citizens and officials have been active in arranging for the loan of \$5,000 to the State, without interest, to be used for the construction of a garage. Esben Hanson has offered a site free for that purpose. This is located across from the south end of the

LITTLE GIRL DROWNS IN AUSABLE RIVER

The community was quite shocked

last Thursday evening by the news of the drowning of Mary May, three year old daughter of William Remer, in the Ausable river. The little girl had been playing with county officials to try and induce the two brothers in the back yard that State Highway department to move lies along the Ausable river a few Grayling. The headquarters were moved from Grayling to Lansing last spring because of some differences of opinion between the County Road commission and the State department. The State Highway department has since maintained an interest in returning to Grayling but hoped to be able to construct a new, modern, fireproof garage for their convenience. As no fund is available for that purpose at this time, some of our local citizens and officials have been active in arranging for the loan of \$5,000 to the State, without interest, to be used for the construction of a garage. Esben Hanson has offered a site free for that purpose. This is located across from the south end of the

Introducing Quicker and Better Washing FEDELCO Porcelain Tub Speedwasher

5 DOWN 12 MONTHS TO PAY

THE wonderful new FEDELCO Speedwasher is here! A practical, improved washer that does quicker work, better work and safer work—no damaged clothes. A washer with an ever-clean porcelain enameled tub and aluminum cover. A washer mechanism quiet and smooth running which requires no oiling, except the motor. A washer adjustable in height to make work easier. A washer tested, approved and guaranteed by this Company and the manufacturer. Never before has the Company offered so many alluring features in a quality washer at such a low price! And, further, if you act now you get—

FREE... One (1) Brain-a-tub, on roller casters. Very handy and helps complete your laundry equipment. Value \$3.75

The FEDELCO is worth many dollars more than its surprisingly low price. Unusually liberal terms—five dollars down and small monthly payments—make it easy to own. Or, if you prefer to pay cash, a liberal discount is earned. Every washer is accompanied by a certificate which protects your payments in case of sickness.

See the FEDELCO demonstrated here or in your own home. Let it prove these and all other claims made by its famous makers, then decide! But don't delay—the many inducements now in effect are made to quickly introduce this remarkable washer and last for a short time only. So—phone this office today, or drop in at your first opportunity.

Free HOME DEMONSTRATION

Michigan Public Service Company

TAKE NOTICE!

After consultation with the School Board and by instructions from the Board of Health, I beg each and all parents to assist us in keeping the children to home and not to allow them on the streets, or at any other gathering places.

By order from the Board of Health.

JULIUS NELSEN, Health Officer.

Judging contest offers \$20.00 in premiums. And the Top O' Michigan Church Choir Singing Contest offers \$200.00 in prizes divided into five places.

In addition to these prizes, there are numerous trade prizes and cups offered by cooperating agencies interested in this Show.

G. H. S. ENTERS DEBATING LEAGUE

Grayling high school has become a member of the Michigan High School Debating League this year and will compete for the interscholastic debate championship of the state, according to an announcement by Professor G. E. Densmore, of the University of Michigan, Manager of the League.

The first step in the forensic race for state honors will be taken on November 16 when the local high school debating team, coached by Mr. Chas. N. Hill of the high school faculty, will meet one of the neighboring schools to be announced later by the University, in a debate on the subject: "Resolved, that a Federal Subsidy for the Development of an American Merchant Marine Would Be a Wise National Policy."

Three other statewide debates are to be held on December 7, January 11, and January 25, will constitute the four Preliminary Debates in which all schools will participate in order to compete for entrance in the Elimination Series of debates which begin on February 15. Only the sixty-four schools with the highest percentage of victories will be entered in this Elimination Series and each of these sixty-four schools will receive the University of Michigan Wall Plaque Trophy thru the cooperation of The Detroit Free Press. This Trophy is in the shape of a shield, the design of which was taken from the well-known University of Michigan shield. Its base is of American walnut, 17 inches in height and 15 inches across the top, and by medallion, super-imposed upon the shield, is 5 inches in diameter, three eighths of an inch thick, and is cast

in solid bronze with all lettering artistically embossed.

While the Elimination Series, beginning on February 15, is in progress the sixty-four schools will debate among themselves with the defeated schools dropping out after each debate until only two undefeated schools remain. These two schools will be taken to Ann Arbor, at the expense of the University, for the State Championship Debate on April 26. Each of the six debaters participating in this final debate will be presented with a gold watch by The Detroit Free Press and both schools will receive a large bronze trophy cup, one engraved First Honor, the other engraved Second Honor, presented by the University of Michigan Extension Division.

This year for the first time the University of Michigan Extension Division will recognize the success of the sixty-four schools by presenting each with a bronze trophy cup properly engraved.

A large number of high schools from all parts of the state have already joined the League, and it is expected that by October 20, the date when the League enrollment closes, the membership for the year will surpass last year's record membership of 244 schools.

Any four-year high school in the state may become a member of the Michigan High School Debating League by applying for membership to Professor G. E. Densmore, Manager of the League, at the University of Michigan, Ann Arbor, Michigan. The Michigan High School Debating League, the largest forensic organization of its kind in the United States, was organized by the Board of Regents of the University of Michigan in 1917 with a membership of sixty-four schools which has steadily grown to the membership of 244 schools of last year. With this large enrollment in the history of the League, 1200 high school debaters participating in 600 debates which were heard by 125,000 people of the state. The final State Championship Debate of last year, held in Hill Auditorium in Ann Arbor, where American walnut, 17 inches in height and 15 inches across the top, and by medallion, super-imposed upon the shield, is 5 inches in diameter, three eighths of an inch thick, and is cast

ENROUTE TO ZAMBOANGA

Second of series of letters by Lieut. R. Emerson Bates, U. S. Army, written from the Philippines.

Aug. 10, 1928

DEAR ONES: I certainly am enjoying life. This is the first absence from duty since I was in Michigan almost two years ago. This trip is for the purpose of giving officers of the Army here an idea of the Philippines other than around Manila. We get a month's detached service. So here I am doing duty aboard ship. Plenty of good food, good sleep, excellent bridge players and the most interesting sights make this trip one I will long remember. It is a lazy life as we are on board about twenty hours out of the twenty-four. Consequently we run around in sloppy clothes and bedroom slippers. It is terrible to admit but I haven't shaved for five days. However even the way look like beach combers, when we get ashore and see the natives, we look as if we were going to a dance compared to the people we see.

I believe I just want you from Ligan where we stopped to eat. At least I remember telling you of seeing and hearing Mt. Mayon the volcano. I don't remember the dates as that was over ten days ago, but I can remember the events well enough to tell you of the interesting things in the sequence in which they occurred. After coming at Ligan on Batan Island we went across the bay to Legaspi, a very neat, Americanized city of about 15,000. The main street paved and many American stores and remarkably free from the usual odors in these native towns. Four of us hired a car and went about a four mile drive around the volcano. It was very misty and cloudy so our view of it was not very good. However the region thru which we passed, the Beol region, was exceptionally rich in hemp and tobacco, so we got a very good idea of some of the agricultural side of the islands in that territory at least. As I got a closer acquaintance with hemp production, I will tell you more about it before I finish. I know this will be a long letter as it just seems as if I am bubbling over with the many things I have seen and experienced.

Our next stop was Cebu. Before arriving there we made several small stops at Lighthouse, Matabon Island at the tip of Ticao Island, Gigantes Island in the middle of the Visayan sea and Montenegro Island off the northeast coast of Panay. The last day of July we arrived in Cebu and as we were there all day and until noon of the next we had a good opportunity to see the place. In fact it deserves considerable discussion as it is really a progressive wealthy city. Cebu is located in almost the center of the Philippine Archipelago and because of the central location it is the distributing center of the products of the islands of Cebu, Negros, Panay, Baha, Leyte, Samar, Southern Luzon and northern Mindanao, a city of about 100,000. It counts nevertheless on the labor of these millions of people for the products it distributes. Warehouse, warehouse line, the docks, filled with hemp, sugar and copra. It has a dock over half a mile long with another one under construction. The largest seagoing vessel can anchor at the main dock. The main streets are paved, the buildings in the business district are the equal of any American city the same size. In fact I could talk all day about Cebu, as there are great possibilities there for any white man with initiative and a little American capital.

You may remember from history how Magellan discovered the Philippines. Unfortunately the Philippines didn't like to be discovered evidently for Magellan was killed on the island of Mactan, just outside of Cebu.

Magellan's Street, the main street of the town is named after him. A little chapel down by the waterfront commemorates the place where he had mass held, the first mass held in these islands.

EMERSON.

Crawford County Road Commission, Grayling, Michigan.

This will acknowledge your letter of September 25th transmitting copy of a resolution passed by your Board under date of September 17th, 1928, as follows:

Resolved by James F. Knibbs "Resolved that the County Treasurer be and the same is hereby authorized to set aside from the County Road Fund, payable at the Bank of Grayling, a sum to cover interest on a loan of Five Thousand dollars for a period of nine months. Said sum of interest not to exceed the seven per cent rate and if possible a lower rate. The said stated principal of Five Thousand dollars to be loaned to the State Highway Department of Michigan for the purpose of assisting in the construction of a State garage in the Village of Grayling. Said sum of interest is not to be paid, providing however that the Village of Grayling reimburse the Crawford County Road Commission fifty per cent of said sum at the time the principal is made good." "A good material that saved me money"

"That's what CELOTEX did, and here is how I figured it. First, I used CELOTEX for sheathing and got stronger insulated walls. This cost me less money than wood sheathing and building paper. Second, CELOTEX was used in place of lath, and the plaster bonds more securely on CELOTEX. It cost a trifle more, but I have paid dearly in the past for plaster patches and with CELOTEX I got a stronger sound denuded wall that will be free from delamination. I was able to put in a smaller heating plant and less radiation because I used CELOTEX—so, you see, I saved three ways."

The story of what CELOTEX can do for you is merely suggested in this business man's remarks. Get the rest of it from us.

THE 3 PROPOSED AMENDMENTS

Three proposed amendments to the Constitution will be offered the voters at the November 4th election. These are being published in their entirety in this issue of the *Avalanche* in order to give our readers the opportunity to study them before going to the voting booth Nov. 4th.

The first is one that is relative to "fixing the legislative territory and districts." The question is plain and we believe it should be given an affirmative vote.

And also we would favor to the second amendment relative to "acquiring land and property for boulevards, streets and alleys." This right would seem proper in order for communities to progressively extend their civic needs.

The third amendment is relative to "compensation of members of the Legislature." We do not quite suggest that this should be passed. It would give representatives of the State Legislature a salary of \$2000 per day for every day of the term for which they are elected. That is for two years and the amount would be about \$2400 for the term. The legislature is usually in session for about 90 days—January, February and March of the odd years. Besides this they are paid 10 cents per mile for one round trip from their home to Lansing and back for each regular and extra session. They should receive no further compensation. At the present time the salary of a legislator is about \$600.00 for the term. That turned loose, in the field supplied by the proposed salary, too big a jump—\$2400 to \$2100. It would seem to us that the difference is too great.

On the other hand, would the increased salary induce better men to accept the office of legislator? That is a matter for the voter to determine. If that could be assured, we would be more partial toward the proposed amendment. But we have grave doubts of any improvement in the personell in the legislature. We doubt if there would be a 5% improvement in the brand of lawmakers. We send there every two years. There are a number of outstanding men serving in Michigan's legislative halls and there are others whom we would like to see there. While there are still many good men whom we are willing to serve, let's let it stand that way for the present.

We have tried to give our readers some light on the amendments, and any suggestions we may have made are only offered as assistance for those who might wish it. Read the amendments published elsewhere in this issue.

THIS WOULD be a good time to have something done about a County Red Cross nurse. Money that is paid out for teachers salaries while off duty would help greatly toward the expense of a nurse's salary.

In Grayling school alone it costs in the neighborhood of \$500 per week for salaries. Our schools have been ordered closed for two weeks, which means about \$1,000—paid out—and nothing accomplished. It does not insure that there had been a nurse on the job that there wouldn't have been an epidemic of measles as there is here at this time, but we believe it would have helped the situation greatly. At least it would be safe to claim that it wouldn't have gotten such a wholesale start as it has this time. Added to the loss to the school district, there is also the loss to the families in which there is illness, and there are many.

Ever since the World War the local Red Cross chapter has contributed toward the expense of a county nurse. The funds of that organization are low and, unless the public is more generous in helping to support it, it

is doubtful if they could be expected to continue their support. However we do not hesitate to predict that the County chapter would give the nurse problem every bit of assistance they could command. The Chapter is well managed and is a strong asset in health work in the county.

The woman who works as a public health nurse here in Crawford county is worth every dollar that it costs, and probably more.

A good thought, well expressed, is often a source of inspiration to thousands whom the author never sees.

By the time the members of a committee have eaten lunch and learned the purpose of the meeting—it's time to adjourn.

Life is something like continuous vaudeville—half the people are looking around for "This Way Out" and the other half for "This Way In."

It is not for women some men would never enjoy a sense of superiority, and other men would never suffer from a sense of inferiority.

Notably likes compulsion, but we must submit to it if we hope to get along in this world.

TO TAG TROUT

Tagging and release of 10,000 trout in the streams of Michigan is this week being undertaken by the department of conservation in accordance with its decision last summer to carry out work that may result in determining the movements of the fish and other information that is well worth knowing.

L. M. Schuman, who is conducting a lake and stream survey for the state, and T. H. Langston, pathologist for the department, are supervising the work. The field will be divided between these two men.

The plan is to release 10,000 marked fingerlings. No fish under four inches in length will be tagged. Three thousand and four hundred brook trout are to be released in the territory of the following hatcheries: Grayling, 1000; Harrietta (Wexford county), 1000; Paris, 1000; Marquette 500. Four thousand rainbow will be amount we believe is too little, but the proposed salary, too big a jump—\$2400 to \$2100. It would seem to us that the difference is too great.

On the other hand, would the increased salary induce better men to accept the office of legislator? That is a matter for the voter to determine. If that could be assured, we would be more partial toward the proposed amendment. But we have grave doubts of any improvement in the personell in the legislature. We doubt if there would be a 5% improvement in the brand of lawmakers. We send there every two years. There are a number of outstanding men serving in Michigan's legislative halls and there are others whom we would like to see there. While there are still many good men whom we are willing to serve, let's let it stand that way for the present.

J. Fred Alexander has been under the doctor's care for the past week.

YOU CAN'T VOTE REGISTERED

unless you are properly

Attend to this duty by applying to your township clerk on or before Saturday, October 27th.

This does not apply to persons already registered.

DOORKEEPERS AT THE WHITE HOUSE

Does not the right to vote imply the privilege of not voting? No, rather the right to vote enjoins the duty of voting.

Free government must eventually fall when men do not practice the truth that every voter is bound on every offered occasion, unless physical disability prevents, to go to the polls and cast his ballot in such a way as to represent his sovereign sentiments on the issue before the people. I may never vote with the majority; but if my vote expresses my citizenship, delivers my soul, it wins! And for a Christian it is just as much a religious duty to vote as to pray. The ballot is my political prayer.—DANIEL A. POLING.

"HABIT"

"HABIT, A STERN AND EXACTING MASTER"

Too much cannot be said in urging parents to help their children in the formation of good habits while they are young and their nervous systems are plastic.

It seems as though it would be more beneficial in our age if more were said about Habit and less about Love. Perhaps however our minds are not so receptive to the former.

If you will allow me a word on this weighty problem, I might venture the opinion that the formation of strong and dependable reflex actions in youth has more influence on genuine love than the age of the individual. In other words, love depends on mind and soul culture, a matter whether the person is seven years or seventy. But pardon me for allowing my subject to embrace a problem which should be discussed only by those who, like Rupert Hughes, have a master mind.

The educators of our land can point to many examples where habit has played an important part in the formation of character in the later life of the individual.

In the solution of this problem for the best interest of our young men and women, we parents and teachers have a task to perform that will need the very best there is in us.

Teachers have the privilege of associating with the young life of America during the day and parents, at their best, should be alive to their interests for the balance of the time.

JOHN W. PAYNE
Comm'r. of Schools.

NEW CARS FOR THE "CENTURY"

SET NEW STANDARDS OF COMFORT AND LUXURY

The first installment of a complete series of new cars for the Twentieth Century Limited, specially designed and said to be the finest cars that the Pullman Company has ever built, are being put into service by the New York Central Lines.

When the deliveries of the new cars are completed, in the next three months or more, this famous train between Chicago, New York and New England will have a complete new equipment which will set still higher standards for convenience, comfort, luxurious appointments and beauty.

The first installment of the new equipment consists of six room cars, which are the last word in travel luxury. These cars, the "Glen Aubrey," the "Glen Spruce," the "Glen Mawr," the "Glen Terrace," the "Glen Elton" and "Glen Pond" will be followed by others until the requirements of the Century for this class of accommodations are fully met.

These new cars have several New York Central innovations in their refinements for the comfort of passengers. Each has three drawing rooms and six compartments with connecting doors, so that a suite of four rooms can be provided at will.

Each passenger has a wardrobe in which hats and wraps may be stored out of the way and out of the dust. There is also a medicine closet, with shaving lights on each side of the mirror over the washstand. Individual steam valves permit the passenger to regulate the heat at will. Instead of the standard berth light in a socket, there is a dainty reading lamp with mica shade, placed in the wall at just the right angle for comfort. The window frames are brass with sash ventilators and the upholstery is Nile green on an old rose background. New style paper cups are supplied instead of the familiar envelope type.

Divided vestibule doors, cut in half so that the upper part can be thrown wide open for ventilation while the lower half assures privacy, are an innovation that will be appreciated in hot weather.

In addition to these room cars, the first of a series of new fourteen-section sleeping cars with upholstery in new designs of cheerful colors and with entirely new lighting arrangements have been placed in service in the last few days. Instead of the familiar dome lights, a light enclosed in a mica shade of ornamental design differing in each car is suspended from the car lines, giving the effect in perspective of a vaulted passage.

NEWS REVIEW OF CURRENT EVENTS

Italy Also Rejects Anglo-French Navy Agreement —Smith Invades South.

BY EDWARD W. PICKARD

ITALY like the United States, has rejected the Anglo-French agreement as a basis for future naval limitation. Premier Mussolini's note is not so abrupt as Secretary Kellogg's, but is just as specific in its objections to naval limitation by categories, and undoubtedly completes the destruction of the agreement.

The note reaffirms Premier Mussolini's declaration in the Italian senate last June, when he said, "Italy is ready to accept as the limit of armaments any figure, even the lowest, provided it is not exceeded by any other continental European power," meaning, of course, France. It insists, however, on consideration of all branches of arms, land, naval, and air, in any discussion for disarmament.

The Fascist note launched into a lengthy explanation of why it favors limitation of global tonnage for battleships instead of limitation by categories. The argument is identical with that advanced by the American delegation at the tripartite naval conference at Geneva a year ago, and repeated in the American reply to the French-British memorandum.

"Each state must be left free to use its tonnage quota the way it believes it best answers its particular needs, both as regards the type of ships and its armament," Mussolini explains.

France, which admittedly would be the chief beneficiary of the agreement with England, is mighty tough on the subject. Last week the authorities in Paris seized the person of Harold Horan, correspondent of the Universal Service, because he had cabled to New York a letter Foreign Minister Briand had sent to French ambassadors regarding the interpretation of the pact, and compelled him to agree to leave the country. Mr. Horan's explanation was that his employer, William Randolph Hearst, had handed him the document with instructions to send it to America.

The British cabinet voted to make public all the documents and correspondence in connection with the agreement "as soon as practicable." It was necessary first to get the consent of all the nations concerned. Sir Austen Chamberlain, British foreign secretary, who is now in California in search of health and a rest, declined to discuss this subject or any other affairs of state. He is suffering from neuritis in his left arm but is said to be getting better and gaining weight.

GEN. CHIANG KAI-SHEK, generalissimo of the Chinese Nationalist army, was elected first President of the Nationalist government of the country, including Manchuria, and was inaugurated on the seventeenth anniversary of the revolt against the emperor on October 10, 1921. Chiang, who is only forty-nine years old, actually is only President of the government since 1926, but as he is also chairman of the Kuomintang central executive committee, which controls the government, he is the dominant figure in China. The United States, Germany, France and the Netherlands were the only foreign governments that withheld congratulations to General Chiang.

Dr. S. Parkes Coleman, chairman of the China famine relief organization in New York, has received from a mission in Kansu a letter telling of terrible conditions in that remote province. Last year's earthquake killed 35,000 and reduced 100,000 to dire poverty; this year's crops were ruined by drought and famine conditions prevail already; and to cap the climax the Moslems, who form a third of the population are in revolt and have massacred a least 200,000 persons.

GOV. AL SMITH was almost quiet cent the first part of last week, so far as the campaign was concerned, but Wednesday night he left New York for a visit to the south.

He passed through part of North Carolina and Tennessee, making no set speeches but appearing frequently on the rear platform of his car and stopping at Chattanooga for a conference with party leaders. Then he proceeded to Louisville, where he delivered an address on Saturday. His schedule called for a week of campaigning from Missouri to Ohio with a brief rest in Albany followed by a final tour of two weeks in Atlantic seaboard cities. Gov. Albert C. Ritchie of Maryland opened the Democratic campaign in Chicago with a rousing speech, most of which was devoted to the religious issue and a vigorous attack on intolerance. The rest of the time he spoke on prohibition, which he doesn't like. Ritchie was followed in Chicago by Mayor Jimmy Walker of New York.

Herbert Hoover, whose appearance in Elizabethton, Tenn., was declared by his supporters to have been a great success in the way of winning votes, put in much time preparing for his Boston address. He also conferred with New York state Republican leaders and told them the result: there was up to them. They appeared fairly confident but do not underestimate the battle that confronts them.

B. O. Hansbrough, once a Republican senator from North Dakota and now a supporter of Al Smith, put forth the charge last week in a Minneapolis speech that Hoover "is credited" with owning oil and mining properties in Colombia and Mexico, and demanded that he withdraw from the campaign and permit the selection of a Republican candidate "who cannot be influenced in handling our foreign relations." Henry J. Allen, director of Republican publicity, learning that Hansbrough was to make the accusation, wired him that there was no foundation for the statement and that

It could only be uttered for the purpose of gaining votes by deliberate lies. Hansbrough, however, delivered his address and made the charges, which he insisted were "based on facts."

By the American Legion and the former service men had a fine time at their convention in the Texas city. General Pershing delivered an address on the opening day devoted mainly to a plea to the Legion to create an interest in good government that would impel voters to go to the polls on election day. Lord Allenby of England was given a great ovation when he was presented with the Legion's distinguished service cross. Wednesday the big parade was staged, with about 10,000 members of the Legion and its auxiliary in line and numerous bands filling the air with melody. The procession was more than four hours passing the Alamo where it was reviewed by various dignitaries. Louisville was awarded next year's convention, and Paul V. McNitt, dean of Indiana university law school, was elected national commander.

UNITED SPANISH WAR VETERANS

HELAN held their annual convention in Havana, Cuba, where more than 7,000 members and their friends were welcomed by President Machado. Col. William L. Grinstead of Savannah, Ga., was elected commander in chief unanimously; and Otto Raths of Minnesota senior vice commander and Frank E. Shea of Connecticut junior vice commander. The parade, which was held on the anniversary of Cuba's ten-year revolt, was participated in by Cuban army contingents and officers and men from the battle ship, Texas. The Maine memorial was officially dedicated with impressive ceremonies.

THE American navy's big delightable Los Angeles successfully made the round trip from Luluhrst to San Antonio and back for the purpose of visiting the Texas city at the time of the American Legion convention. One night air mail flyer—made complaint that he narrowly escaped collision with the ship because of its lack of lights.

COMMANDER RICHARD E. BYRD is finally on his way to the Arctic, for, with members of his party, he set sail from San Pedro, Calif., in the whaler C. A. Larsen, the flagship of his expedition. The other three vessels will be met in New Zealand and the expedition will go thence to Ross sea. Byrd expects to make an airplane flight over the South pole, but this will be only an incident, for the commander's chief purpose is to make a long and intensive study of the Antarctic regions.

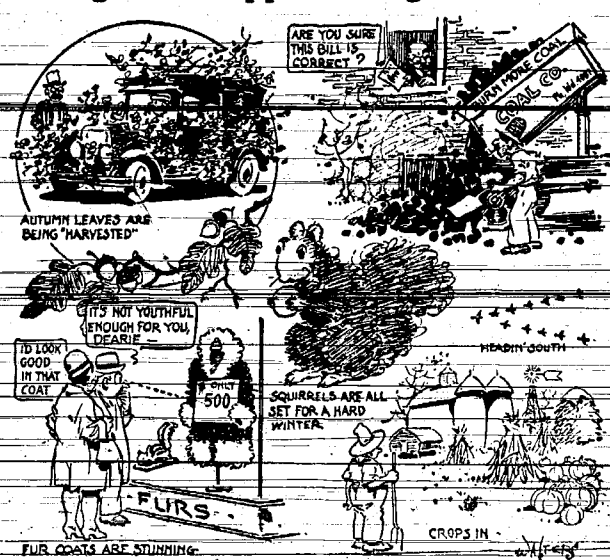

CLEGGY and lay members of the Episcopal church in large numbers gathered in Washington for the fortieth annual general convention of the church. The opening service was held in the natural amphitheater on Mount St. Alban, and President Coolidge delivered an address in which he emphasized religion as the underpinning of all government and of all society. In the first session of the house of delegates Dr. De Barney Phillips of Washington was elected chairman.

PRESIDENT COOLIDGE learned the other day that a score of ministers from foreign countries who graduated to their present positions from the foreign service of the Department of State had tentatively agreed to try to hold on to their jobs by withholding their resignations when Mr. Coolidge retires next March. The President thereupon made it known that the future of these "career" diplomats would rest wholly in the hands of his successor who will have full power to remove them.

President Coolidge has appointed an unusually large number of career men to the highest diplomatic posts. While sympathetic toward as permanent a foreign service as it is possible to attain, the President fears the present reported move on the part of the ministers is simply another manifestation of a government by some government service to attempt to organize themselves into self-perpetuating bodies.

EVIDENCE against dry law offenders are obtained by tapping wires still admissible in federal courts regardless of state laws making wire tapping a crime. For the third time Supreme court has refused to review its decision in building Justice Holmes

Signs of Approaching Winter

HOUSE FOR RENT—Near school. Six rooms, electric lights. Inquire of O. P. Schumann, Avalanche Bldg. Phone 111.

TO KEEP STATE PARKS OPEN IN WINTER

While work will soon be started to close many of the state parks, a few of them will remain open year round in an attempt to develop more interest in winter sports. The parks enjoyed a flattering patronage the past winter, but it has long been felt that at least some of the facilities might be put to use during the months when snow and ice prevail. As was the case last winter, some of the group camp buildings will be open for use. These structures were widely used the past winter, the one at Cedar Hill park near Jackson being exceptionally popular. While the parks department will not devote any great sum to its winter experimental work, it will keep the matter under close scrutiny and be quick to foster development of any promising angles.

BIG KIWANIS PLANTING IS ONLY A START

(By E. M. T. Service)

The extraordinary success of the gigantic project promoted by the Michigan Kiwanians in fostering the planting of more than 8000 acres in the Huron National Forest is far-reaching in its importance. Many conservationists outside of the Kiwanis circles participated in the planting. Since the planting Michigan Kiwanis has gone on record as determined to repeat the planting next year and all who attended the planting and others have expressed an intention to take part on the next occasion.

Many subsidiary projects have already been proposed in connection with next year's planting. One of these contemplates the creation of a statue which will be a replica of an old time riverman. Efforts have already been initiated toward interesting old-time timber families in providing a stone for the base of the statue, this stone to come either from the site of an old mill or camp.

Charles S. Thomas, managing editor of the Bay City Times, who was present at the planting, in the editorial columns of the newspaper which he represents, after commending the Kiwanis for being the first organization in this country to do more than pass resolutions, suggests that it would be a splendid thing for communities of the state to take a hand. "Cities might have tracts within the National Forest bearing their name," the Times editorial says. "If public money cannot be legally appropriated for the purpose there are surely enough people in Bay City, in Flint, in Saginaw and every other community who would be glad to subscribe the small sum required for the planting of an acre of trees and in each city plant the donor's name might be perpetuated by naming an acre for him. There are so many ways in which this reforesting, so necessary for Michigan's future, might be done now, that we trust the idea will spread with all the rapidity which it deserves."

GENERAL ELECTION

Notice is hereby given that a General Election will be held in the township of Lovelle, County of Crawford, State of Michigan at Town Hall within said Township, on Tuesday, Nov. 6 A. D. 1928 for the purpose of voting for the election of the following officers, viz:

Presidential—Fifteen Electors of President and Vice President of the United States.
State—Governor; Lieutenant Governor; Secretary of State; Attorney General; State Treasurer; Auditor General; Justice of the Supreme Court (to fill vacancy), for the term ending December 31, 1929; Justice of the Supreme Court (to fill vacancy), for the term ending December 31, 1935.

Congressional—United States Senator, (for term beginning March 4, 1929); United States Senator (to fill vacancy), for unexpired term ending March 4, 1929; Representative in Congress for the Congressional district of which said Township forms a part.

Legislative—One Senator in the State Legislature for the Senatorial District of which said Township forms a part.

County—Judge of Probate, Prosecuting Attorney, Sheriff, County Clerk, County Treasurer, Register of Deeds, Circuit Court Commissioner or Commissioners, two Coroners, and a County Surveyor, as provided for by Act 351, P. A. 1925, as amended, and the following proposed amendments to the Constitution:

Relative to Fixing Legislative Territory and Districts.

Relative to Acquiring Land and Property for Boulevards, Streets and Alleys.

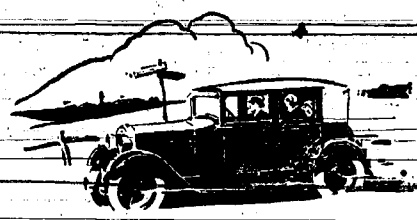

Relative to Compensation of Members of the Legislature.

The polls of said election will be open at 7:00 o'clock a. m. and will remain open until 5:00 o'clock p. m. of said day of election, unless the Board of Election Inspectors shall, in their discretion, adjourn the Polls at 12 o'clock, noon, for one hour.

Dated Sept. 20, A. D. 1928.

JOHN FLOETER, Township Clerk.

To the 5000 who daily become owners of the new Ford car

The service obligation of the Ford Motor Company and its dealer organization is now growing at the rate of 5000 cars a day. It is to these new car owners that this message is addressed.

The new Ford is a remarkably fine car for one that costs so little. It is simple in design, constructed of the finest materials, and built to unusually close measurements.

These are the reasons it performs so wonderfully. These are also the reasons its service requirements are so few and the up-keep cost so low.

When you receive your new car, the dealer will explain the simple little things that should be attended to at regular intervals to insure the best performance. He will also tell you something of his own facilities for doing this work promptly and at small cost.

With the purchase of your car, you are entitled to Free Inspection Service by your dealer at 500, 1000 and 1500 miles. This service is due you and we urge you to take full advantage of it. Proper care during this breaking-in period means a great deal to the life of your car.

Included in the Free Inspection Service is a check-up of the battery, the generator charging rate, the distributor, the carburetor adjustment, lights, brakes, shock absorbers, tire inflation and steering gear. The engine oil is also changed and chassis lubricated.

No charge whatever is made for labor or materials incidental to this inspection service, except where repairs are necessary because of accident, neglect, or misuse.

The labor of changing the engine oil and lubricating the chassis is also free, although a charge is made for the new oil.

We believe that when you see the good effects of this inspection you will continue to have it done regularly throughout the life of your car.

Wherever you live, you will find the Ford dealer very helpful in keeping your car in good running order for many thousands of miles at a minimum of trouble and expense.

He operates under close factory supervision and has been trained and equipped to do this work promptly, thoroughly and economically.

FORD MOTOR COMPANY

GENERAL ELECTION

Notice is hereby given that a General Election will be held in the township of Beaver Creek, County of Crawford, State of Michigan at Town Hall within said Township on Tuesday, Nov. 6 A. D. 1928 for the purpose of voting for the election of the following officers, viz:

To the qualified electors of the Township of South Branch, County of Crawford, State of Michigan.

Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Township Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said township not already registered who may apply to me personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the second Saturday before any regular, special, or official primary election and the day of such election.

The last day for General Registration does not

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO.

Thursday, October 19, 1905

The new boards for the school are now all in place and are fine.

Emil Kraus left Tuesday for the U. of M. foot ball game Friday.

Olaf Michelson of Owosso was up over Sunday to visit the folks and his best girl.

Miss Anna Jensen of Salling, Mich. visited her many friends in Grayling last week.

Miss Kathryn Bates of Toledo, Ohio is visiting relatives and friends for a few weeks.

Mrs. Tillie Sparks and the children started for a visit in Illinois last Tuesday morning.

Francis Kraus returned home last Friday from an eight weeks visit with Southern Michigan friends.

Mrs. W. T. Hammond is visiting friends in Bay City and with several others from that place visited Niagara Falls.

P. Jorgenson left for Benton Harbor, Saturday, as a delegate from Grayling to attend the Odd Fellow's convention.

Postmaster Bates and his sister Kathryn, went to Millersburg Monday morning to visit their sister Agnes, and the baby.

Mr. and Mrs. W. F. Benkman are enjoying a visit from his brother-in-law and wife, Mr. and Mrs. Hugh W. Seed, of Bay City.

The experiment with gravel on our main street seems to be proving all that can be desired. It is packing hard and smooth. Bring on a hundred carloads more.

The contractors are pushing the work on the addition to the school house. The roof is on and it will be finished on time. A fine improvement and greatly needed.

D. P. Steffer of Gaylord was down last Saturday to buy a lot of lumber for finishing up his year's work in building in that village. He reports a prosperous year, and knows where to come to do business, in the best town in the state.

Jack Dixon brought down some of his fruit, a winter radish which weighed two pounds and a quarter, and as tender as any that ever grew. Another slim one measured two feet and eight inches in length.

The old AuSable house is a thing of the past, the R. R. men's bunkhouse is moved out of the way northwest and the work of erecting the new stall addition to the round house is well under way. That with the machine shop will make a noticeable addition across the track.

C. F. Underhill was down from the AuSable Ranch Monday. He is opening a market in Grayling which will be supplied from the ranch, and will soon open a bank in that village. He says he is here to stay and is well pleased with the outlook.

Miss Jennie McCloud was called to Pinconning yesterday morning by an accident which befell her aunt. We are told that she fell in such a way that her neck was broken.

Mrs. Peter Rasmussen and Einer left Wednesday night for Chicago.

Willard Hammond made a flying trip to Detroit, Ann Arbor and Bay

City last Saturday. He attended the foot ball game at Ann Arbor between the U. of M. and the Vanderbilts.

The Jury said "Not Guilty" in the case against Shoppengons. We do not agree at all with the verdict as a matter of law, though we would regret to see the old man suffer.

Messrs. Squires and Ingerson started for the northwest Monday morning. Their P. O. address will be Seattle. We look for their return, but hope they will have a good time.

Frederic Items

Prof. Bradley was in our town last Saturday.

Mr. and Mrs. Tom Brown departed Wednesday for their western home in Oakland, Calif.

The funeral of Sidney Barber's little boy was held last Saturday afternoon, age 13 months.

Grayling must be a poor place to live, as parties come to Frederic occasionally for their supper.

Sheriff Stillwell passed through here on his way to DeWard last Saturday in search of law breakers.

Married on the thirteenth of October, in the presence of many friends, at the home of the bride's parents in Maple Forest, Miss. Martha Hennessey and Mr. Leonard F. Martin, by Rev. Wm. Coombs, pastor of the M. E. church of Frederic.

Mr. and Mrs. L. P. Martin have the best of wishes of their many friends, which was shown by the many presents received.

Charming Coat

Miss Tillie Davis wore this charming coat in "The Night Watch." It is of ermine and expresses many of the season's most important points. White fox forms an elaborate trimming and expresses the beauty of the all-white wrap most effectively.

RECORD OF VILLAGE COUNCIL PROCEEDINGS

Meeting held on the first day of October A. D. 1928, Grayling, Mich.

Meeting called to order by President H. Petersen.

Trustees present: Thos. Cassidy, A. L. Roberts, Emil Giegling, A. J. Joseph and George W. McCullough. Absent: E. G. Shaw.

21 Julius Nelson, payroll ending Sept. 27th, 1928 40.25

O. K. with the exception of item number one on which one hundred dollars is to be allowed, and items 16, 17 and 18 which are to be paid and referred to the Board of Supervisors.

Emil Giegling, George W. McCullough.

Moved by A. L. Roberts and supported by A. J. Joseph that the bills be allowed as read and the clerk be ordered to draw orders on the treasurer for the payment of same. Yeas and nays voted called. All present voting yeas. Motion carried.

Moving by E. Giegling and supported by McCullough the question of laying new iron mains, buying of necessary fittings for new mains be left in the hands of the Waterworks Committee and the Street Commissioner. This Committee to have full power to act in the hiring of someone to supervise the installation of the new mains if necessary. Also full power to purchase necessary equipment. Yeas and nays voted called. All present voting yeas. Motion carried.

Moved and supported that the board adjourn. Motion carried.

H. Petersen, Roy O. Milnes, President, Clerk.

DIPPING INTO SCIENCE

Hiccoughs

Hiccoughing is just the opposite to coughing; that is you breathe in rather than out. It is caused by a disturbance of the diaphragm—generally something in the stomach. By expressing the breath as far as possible, holding it there, and breathing only when necessary, is said to be a very good way to stop hiccoughs. (© 1928, Western Newspaper Union.)

THREE NEW COUNTIES JOIN E. M. T. FAMILY

(By E. M. T. Service)

Three new counties have thus far joined the E. M. T. family as a result of action at the fall sessions of their boards of supervisors. These counties are Osceola, in North Eastern Michigan; Isabella and Wayne. It is Wayne County's first affiliation with the organization. Isabella County was a member for one year several years ago. Osceola has been a consistent member up to last year.

We have arch support slippers from AA to EEE at Olson's.

DEPARTMENT OF CONSERVATION FOR THE STATE OF MICHIGAN

Lansing, Michigan, October 15, 1928.

NOTICE IS HEREBY GIVEN, That the following abandoned tax lands situate in the county of Crawford, this State, decreed to the State by the Auditor General under the provisions of Sec. 127 of Act 206 of the Public Acts of 1893 and acts amendatory thereto, have been withdrawn from homestead entry by the Auditor General and the Director of Conservation acting jointly, under the provisions of the Act of 1920, Public Acts of 1893, as amended by Act 156 of the Public Acts of 1927, examined and appraised, and will be placed in market by offering the same for sale at a Public Offering to be held at this office, Room 304, State Office Building, City of Lansing, on Tuesday, the 27th day of November, 1928, at ten o'clock in the forenoon, at which time the land will become subject to purchase in the manner prescribed by law.

In the event of a sale the deed by which the land will be conveyed to a purchaser will contain a clause reserving to the State of Michigan all rights in any mineral, coal, oil or gas found lying or being on, within or under the said lands, and also reserving to the People of the State of Michigan the rights of ingress and egress over and across any of said lands lying along any watercourse or stream as required by Section 456 of the Compiled Laws of 1915.

DEPARTMENT OF CONSERVATION, By GEORGE R. HOGARTH, Director.

10-18-5 Description

1/2 of SW 1/4, Sec. 11, Town 26N, Range 3W, 80.00 Acres.

Three Amendments to be Voted upon November 6th.

PROPOSED AMENDMENT TO THE CONSTITUTION Relative to FIXING LEGISLATIVE TERRITORY AND DISTRICTS

Amendment to Section 3 of Article V of the Constitution relative to fixing legislative territory and districts

Sec. 3. The house of representatives shall consist of not less than sixty-four nor more than one hundred members. Representatives shall be chosen for two years and by single districts, which shall contain as nearly as may be an equal number of inhabitants and shall consist of convenient and contiguous territory; but no township or city shall be divided in the formation of a representative district, except that when a city is composed of territory in more than one county, it may be divided at the county line or lines. And providing, That in the case of cities hereafter organized or created or territory annexed to an existing city, the territory thereof shall remain in its present representative district until the next apportionment. When any township or city shall contain a population which entitles it to more than one representative, then such township or city shall elect by general ticket the number of representatives to which it is entitled. Each county, with such territory as may be attached thereto, shall be entitled to a separate representative when it has attained a population equal to a moiety of the ratio of representation. In every county entitled to more than one representative, the board of supervisors shall assemble at such time and place as shall be prescribed by law, divide the same into representative districts equal to the number of representatives to which such county is entitled by law, and shall cause to be filed in the office of the secretary of state and clerk of such county a description of such representative districts, specifying the number of each district and population thereof according to the last preceding enumeration.

PROPOSED AMENDMENT TO THE CONSTITUTION Relative to ACQUIRING LAND AND PROPERTY FOR BOULEVARDS, STREETS AND ALLEYS

Amendment to Article XIII of the Constitution relative to acquiring land and property for boulevards, streets and alleys

Sec. 5. In exercising the powers of eminent domain and in taking the fee of land and property that is needed for the acquiring, opening and widening of boulevards, streets and alleys, municipalities shall not be limited to the acquisition of the land to be covered by the proposed improvement, but may take such other land and property adjacent to the proposed improvement as may be appropriate to secure the greatest degree of public advantage from such improvement. After so much of the land and property has been appropriated for any such needed public purpose, the remainder may be sold or leased with or without such restrictions as may be appropriate to the improvement made. Bonds may be issued to supply the funds to pay in whole or in part for the property so appropriated, but such bonds shall be a lien only on the property so acquired and they shall not be included in any limitation of the bonded indebtedness of such municipality.

YES ☐

NO ☐

PROPOSED AMENDMENT TO THE CONSTITUTION Relative to COMPENSATION OF MEMBERS OF THE LEGISLATURE

Amendment to Section 9 of Article V of the Constitution relative to compensation of members of the legislature

Sec. 9. The compensation of the members of the legislature shall be three dollars per diem during the term for which they are elected, and they shall receive no further compensation than as specified in this section for service when the legislature is convened in extra session. Members shall be entitled to ten cents per mile and no more for one round trip to each regular and special session of the legislature by the usually traveled route. Each member shall be entitled to one copy of the laws, journals and documents of the legislature of which he is a member, but shall not receive, at the expense of the state, books, newspapers or perquisites of the office not expressly authorized by this constitution.

REGISTRATION NOTICE FOR GENERAL ELECTION TUESDAY, NOVEMBER 6, A. D. 1928

To the qualified electors of the Township of Beaver Creek, County of Crawford, State of Michigan.

Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Township Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said township not already registered who may apply to me personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the second Saturday before any regular, special, or official primary election and the day of such election.

The last day for General Registration does not apply to persons who vote under the Absent Voters' Law. (See Registration by Affidavit.)

OCTOBER 27, 1928—LAST DAY for General Registration by personal application for said election.

Notice is hereby given that I will be at my home on

October 13 and October 20

A. D. 1928, from 8 o'clock a. m. until 8 o'clock p. m. on each said day for the purpose of Reviewing the Registration and Registering such of the qualified electors in said Township as shall properly apply therefor.

The name of no person but an actual resident of the precinct at the time of registration and entitled under the constitution if remaining such resident to vote at the next election, shall be entered in the registration book. Dated Sept. 20, A. D. 1928.

ARTHUR SKINGLEY, Township Clerk.

REGISTRATION NOTICE FOR GENERAL ELECTION TUESDAY, NOVEMBER 6, A. D. 1928

To the qualified electors of the Township of Freedom, County of Crawford, State of Michigan.

Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Township Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said township not already registered who may apply to me personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the second Saturday before any regular, special, or official primary election and the day of such election.

The last day for General Registration does not apply to persons who vote under the Absent Voters' Law. (See Registration by Affidavit.)

OCTOBER 27, 1928—LAST DAY for General Registration by personal application for said election.

Notice is hereby given that I will be at my home on

October 13 and October 20

A. D. 1928, from 8 o'clock a. m. until 8 o'clock p. m. on each said day for the purpose of Reviewing the Regis-

tration and Registering such of the qualified electors in said Township as shall properly apply therefor.

The name of no person but an actual resident of the precinct at the time of registration and entitled under the constitution if remaining such resident to vote at the next election, shall be entered in the registration book. Dated Sept. 20, A. D. 1928.

GRAHAM-PAIGE

Automatic Humidifier for Hot Air Furnaces

Keeps your home in a healthy condition both day and night. It changes your home from a dry kiln to one just moist enough for health and comfort. Saves fuel too.

It requires more fuel to heat a dry room. A soft, mild moistness in the rooms eliminates excessive heat, and reduces your fuel expense greatly.

An AUTOMATIC HUMIDIFIER attached to your hot air furnace will add comfort to your home and save money.

They are Positive, durable and automatic. They require no adjustments and are always working. Every one factory tested.

Call and see them.

Friends of Edgar Douglas will be glad to know that he is recovering nicely from an attack of pneumonia. He is at the home of his parents in Lovell.

First quality potatoes 50c a bushel. Also cabbage, carrots, beets, rutabagas, parsnips, Hubbard squash and red cabbage. Get your winter supply at Theo. Leslie's, Beaver Creek.

Health Officer Julius Nelson says that he is so very busy these days with the waterworks that he has had to have assistance so has appointed his daughter Miss Margrethe Nelson, assistant health officer, with legal authority to perform any duties in that line.

Mr. and Mrs. E. H. Webb arrived Saturday from Mt. Pleasant to spend the winter with their daughter Mrs. G. G. Clippert and husband. Mr. and Mrs. Webb have been coming to Grayling for the winters ever since the Clipperts took up their residence here and they always find many more friends to welcome them.

Our Doughnuts

You just cannot imagine such a toothsome dainty that is really a satisfying food. Made from a special receipt, these flaky, oh-so-good doughnuts will win instant approval of your family with a demand for more.

Frank Lavack is a patient at Mercy hospital with an infection in one of his arms.

Prints and percales were 25c; to close out at 15c per yard.

Cooley & Cooley.

Mrs. Alfred Hanson left Tuesday to spend a few days with Mr. Hanson at Mt. Clemens.

Mrs. James Richardson left Sunday for Detroit where she expects to remain indefinitely.

George Boudin has moved his dry cleaning and pressing business to the Burton Hotel building.

Miss Agnes Hanson is spending a couple of weeks vacation visiting her sister Miss Ingeborg in Detroit.

Register and vote. It will be too late to register after Saturday, Oct. 27th. Call on your Township clerk.

Mr. and Mrs. Herman Hiss of Bay City were guests of Mr. and Mrs. R. H. Gillett from Sunday until Tuesday.

Miss Winifred Harrod of Saginaw, a former teacher in Grayling schools spent the week end visiting at the Nels Corwin home.

Mr. and Mrs. Don W. Mewhinney, matched up from Detroit and visited the latter's parents, Mr. and Mrs. Edgar Minton Sunday.

Mr. and Mrs. Ted Fitzpatrick are rejoicing over the arrival of a daughter at their home last Thursday. Mother and babe are getting along nicely.

The regular meeting of the Woman's Auxiliary of the American Legion will be held at the hall next Tuesday evening. There will be election of officers. Pot luck lunch.

N. C. Nielsen, who has the contract for building the George Burke house and garage on Chestnut street, spent Sunday with his family in Tawas City. He was accompanied by his daughter.

Mrs. W. J. Herie and family.

J. C. McDonnell was dismissed Saturday from Mercy hospital, having made rapid recovery from the serious operation he underwent on September 25th.

Mrs. Forrest D. Barber and two children returned Sunday to their home in Durand after spending the summer visiting her parents, Mr. and Mrs. George Barber.

Mrs. W. J. Nadeau and Mrs. Alex LaGrow nicely entertained St. Mary's Altar Society at the American Legion hall Tuesday afternoon, inviting the members of the K. of C. to have supper there also. In the evening the regular K. of C. meeting was held.

We know that Rev. Greenwood, Luther Herick and Alfred Barker are not the drinking type yet we hope that while in Canada this week nobody will try to induce them to bring us a bottle of Old Scotch. That would be sad.

Charles Tiffin of Ionia was in Grayling last Wednesday to see his little son, Charles Robert, who still lies in a serious condition from the burns he received a couple of weeks ago.

Little boy is at the home of his grandparents, Mr. and Mrs. Dolph Saccarier.

Mr. and Mrs. Malcolm McLeod of Birchwood Lodge are enjoying having in their guests this week their daughter and husband, Mr. and Mrs. Howard B. Brandt, who arrived Tuesday, accompanied by Mr. and Mrs. William T. Bohn and Charles LaBough. All are from Mt. Clemens.

If you have any discarded clothing or shoes they will be welcome at the Red Cross health center at this time. The health center is open Wednesday and Saturday afternoons and you may take your bundles there or leave word at the Avalanche office and they will be called for.

The re-building of the waterworks lines necessitating the closing off of the water at times, would have forced the closing of the school at such periods. Also next week the State teachers institutes are to be held for which the schools close two days. These come at a convenient time when the schools have to be closed because of the epidemic of measles.

Township clerk Chas. McCullough says that anyone in Grayling township wishing to register so that they may vote November 6th, may do so at his shoe shop any day up to and including October 27th. If you are not registered or if you are a new voter, it is your duty to attend to this matter. Fathers and mothers should see to it that every eligible voter in their family is duly registered.

Replacing waterworks mains on Michigan avenue has been the program of the street department for the past week. It will be only a short time before the down-town wooden pipes have been replaced with iron pipe. The work has caused some inconvenience to householders at times but that cannot be helped. Mr. Nelson says they are doing everything possible to hurry the work.

Complimenting Mrs. Minnie Daugherty, Mrs. Floyd McClain and Miss Marion Reynolds were hostesses at a delightful bridge shower at the McClain cottage, Lake Margerthe, Thursday evening. Mrs. W. J. Herie held the high score for bridge, Mrs. J. J. Collen, winning consolation. During the evening a mock wedding was staged by five of the guests present that caused a lot of merriment, coming as a complete surprise. The bride was the recipient of many beautiful gifts. On Monday evening the bride was again honored with a canned fruit shower at the home of Mrs. Walter J. Nadeau.

Grayling is extremely fortunate to have two highly skilled physicians and surgeons. And now, too, we are lucky in having Dr. Barrus located here for a dentist. The latter says his patronage is increasing every week. We have heard nothing but the finest compliments for his work. And there are few dental offices that are better equipped. Every piece of apparatus is of the very best and latest type, which includes the very best dental X-ray machine. Patients receive the most courteous and painstaking attention in every case. We are glad to endorse Dr. Barrus' work and have the utmost confidence that people going to him for dental work will find that everything we have said for him to be true.

Mrs. Charles Bradley and family are visiting friends in Wolvorn.

16 inch mixed slab wood for sale. Grayling Mfg. Co. Phone 37.

Wednesday, Nov. 14 is the date of the Fair at Michelson Memorial church.

Fred Hasen, a farmer residing in Roscommon county is at Mercy hospital for treatment.

Have your rugs cleaned before the weather gets too bad. Call George's Cleaning Shop. Phone 104-M.

Mr. Culligan of Grand Rapids arrived yesterday to spend a week here visiting his son Rev. Fr. Culligan.

The Halloween supper that was to be given by the Epworth League on October 22nd has been postponed. Watch for later announcement.

Rev. J. W. Greenwood left Sunday night for Durham, Ont. He is accompanied by Reuben Bebb and Luther Herick.

When you think of rubbers think of the Ball Band and buy them at the Economy Store.

Cooley & Cooley.

Watch for our One cent sale. Dates will be announced and advertisement will appear in the Avalanche next week.

The Teachers Institute will be held in Saginaw Monday and Tuesday, October 22nd and 23rd. All Grayling teachers expect to be in attendance.

First quality potatoes 50c a bushel. Also cabbage, carrots, beets, rutabagas, parsnips, Hubbard squash and red cabbage. Get your winter supply at Theo. Leslie's, Beaver Creek.

In the Kitchen booth will be house dresses and aprons and other things to wear and use in your kitchen. November 14 is the date. Ladies Aid Fair.

Mrs. Thomas Cassidy returned home Saturday night from Grand Rapids where she had been visiting.

Her daughters Mrs. Victor Thelen and Miss Margaret Cassidy for a few days.

Mr. and Mrs. Herman Daroh enjoyed a visit Sunday from the latter's sister and husband, Mr. and Mrs. William Wondra, Mrs. Westcott and two daughters and Mr. and Mrs. Park Morley, all of Tawas City.

If you want to know how to do your laundry the modern way attend the laundry school that will be held at the Temple theatre Saturday afternoon under auspices of the Michigan Public Service Co. You are invited.

Miss Margrethe Hemmingson is enjoying a couple of weeks vacation from her duties at the Kerry & Hanson Co. office and left Saturday night to spend it in Detroit visiting her brother Walter and family.

Henry Stephan is driving a new one-ton Ford truck. Geo. Burke, the local dealer, delivered it Wednesday and it certainly is a dandy. Henry says it has five speeds ahead and has worlds of power and carries a load great.

Lars Rasmussen brot to this office a well budded branch of an apple tree Wednesday. It is not uncommon for wild shrubbery to start budding in the late fall under favorable weather conditions, but this in an apple tree is rare.

St. Mary's church had Exposition of the Blessed sacrament Sunday for the one day only instead of the regular Forty Hour devotions which are held at this time of the year. Fr. Culligan was assisted by Fr. James Flannery of Ontonagon and Fr. Vogt of Cheboygan and the church was visited throughout the day by many.

The services at the Temple theatre are very much enjoyed and good crowds are attending, but we fully regret that there are not still more hearing these wonderful sermons. There will be preaching services to night, and Friday night at 7:00, and again Sunday at 2:30 p. m. Everyone come and bring a friend or two. Tonight Brother Parkos of Gaylord will speak. Contributed.

The annual meeting of the Hospital Aid society was held at the home of Mrs. Roy Mihus with Mrs. Carl Peterson, Mrs. Lorne Sparks and Mrs. Harold Jarvin as assisting hostesses. The treasurers report showed a substantial balance in the treasury. The following officers were elected for the ensuing year: Pres. Mrs. Frank Anstett, Vice Pres. Mrs. Thomas Cassidy, Sec. and Treas. Mrs. Robt. Reagan.

Miss Edna Taylor of Detroit spent Sunday visiting her father here.

Mrs. Mary E. Ferguson of Kalamazoo is visiting her daughter Mrs. W. H. Ketzke here.

The Woman's club held a special meeting at the home of Miss Katharine Brown last evening.

Dr. Barrus announces that his dental office will be closed all day Monday, October 22nd.

Mrs. H. C. Schmidt and son Harold of Flint are visiting at their home here for a few days.

Stanley Matson who is attending a school of pharmacy at Sandusky is home for a few days visit this week.

John Charlesfour has his left hand in a bandage as the result of getting his hand caught in a saw on which he was working at the Grayling Manufacturing Co's mill last Thursday. A bad gash was cut in one of his fingers necessitating five stitches.

The Michigan Public Service company invites the ladies of Grayling to be present at the Temple theatre, next Saturday afternoon when a laundry school will be held. The work will be done in the most modern way—electrically. Don't fail to be there.

The musical comedy "Cupid-Up-To-Date" which was to be given by the Woman's Club, Oct. 22 and 24 has been cancelled owing to the measles epidemic. They have been fortunate in securing a nursery during for this fine entertainment. The Club wishes to thank all those who have assisted in the advertising.

Four people were injured in an auto accident at the corner of State and Date streets on the South side Sunday afternoon, two of whom are still in the hospital. Mrs. Roy McEvers was the most seriously injured of all, receiving quite severe injuries to her head. Miss Eva Johnson of Frederic suffered a fractured and dislocated shoulder, while Mrs. McEvers' little son received a bad bruise on his head and her little niece the little McDaniel girl received some bad cuts on her face. However the children were taken home after their wounds were dressed at the hospital. The other car that figured in the accident was driven by an out of town party.

GREEN-DAUGHERTY

she was employed as clerk in the Grayling Mercantile Co. store and Mrs. Minnie Daugherty, daughter of Mr. and Mrs. James Reynolds Sr., later bought out Mrs. Ruth McCombs of this city was united in marriage to her beauty culture business, which she has operated most successfully since, enjoying a fine patronage.

The groom is the postmaster of the Rosecommon. He is Clare Tegill and following the ceremony Mr. and Mrs. Green left on a honeymoon trip to Grand Rapids, Michigan and other places and on their return will be at home in Rosecommon, who has a large circle of friends in both Grayling and Rosecommon, who extend best wishes and congratulations.

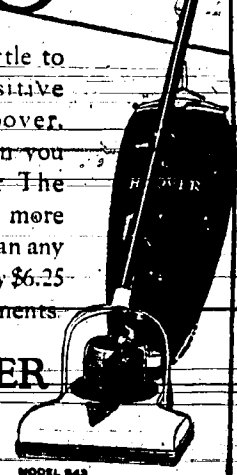

The bride has lived in Grayling for a number of years. For some time.

\$59.50

That's very little to pay for a "Positive Agitation" Hoover. Particularly when you remember that The Hoover removes more dirt per minute than any other cleaner. Only \$6.25 down. Easy payments.

NOTICE

Notice is hereby given by the Michigan Public Service Company to all consumers in all territory served by it that it has filed with the Michigan Public Utilities Commission proposed uniform rate schedules for all territory except the city of Traverse City and the Village of Hart, and has applied to said Michigan Public Utilities Commission for approval of such schedules. The territory of the Company is divided into three groups on the following basis:

Group 1. Municipalities of over 500 meters.
Group 2. Municipalities from 100 to 499 meters.
Group 3. Municipalities of 99 meters or less and all rural consumers. The said proposed rate schedule is as follows:

Michigan Public Service Company
Residence Light, Heat and Power
on One Meter Service

Availability:
This rate is available to all consumers in the Group 1 towns, within reach of the existing lines of the company who use the company's standard service, in an individual private residence, apartment or dwelling, through a single meter for lighting, cooking and heating appliances and for motors of three (3) horsepower or less.

Rate:
For the first 5 kw-hr. per month per kw-hr. 9c
For the next 5 kw-hr. per month per kw-hr. 5c
For all in excess of 10 kw-hr. per month per kw-hr. 3c

Minimum number of kw-hrs. in each of the first two blocks, 20.

Determination of Number of Rooms:
The number of rooms counted in determining the charges hereunder, shall be determined by the company by counting all rooms, except closets, unfinished attics or garrets, bathrooms, cellars, closets, coal sheds, hallways, laundrys, pantries, porches, open or unheated enclosed porches, porticos, storage rooms and toilet rooms; living rooms in garages or other outbuildings shall be counted as in the case of residences. All rooms in residences, not within the exceptions noted above, shall be counted. In no case shall the number of rooms be taken as less than four (4).

Minimum Charge:
For lighting, refrigeration and small appliances \$1.00.
For lighting and cooking with an electric range of 2 kilowatts or over \$2.50.

Over there shall be an additional minimum charge of \$1.00 per horsepower for all motors over one (1) horsepower.

Prompt Payment:
The above rates are net and an additional charge of 1c per kw-hr. will be made on all bills remaining unpaid on the 10th day of the month following that in which the service was rendered.

Contract Period:
Service under this rate will be rendered only under contract for a period of one year or more.

Michigan Public Service Company
Commercial Lighting
Availability:
This rate is available to all consumers in the Group 1 towns, within reach of the existing lines of the company who use the company's standard service for commercial lighting, heating and small motors of three (3) horsepower or less in stores, offices, hotels, clubs, lodges, churches, halls, dormitories, institutions and any establishments other than residence.

Rate:
For the first 40 hours use of the demand per month, per kw-hr. 9c
For the next 200 kw-hr. per month per kw-hr. 5c
For all over the above, per month per kw-hr. 3c

For the first 40 hours use of the demand per month, per kw-hr. 9c
For the next 200 kw-hr. per month per kw-hr. 5c
For all over the above, per month per kw-hr. 3c

For the first 40 hours use of the demand per month, per kw-hr. 9c
For the next 200 kw-hr. per month per kw-hr. 5c
For all over the above, per month per kw-hr. 3c

For the first 40 hours use of the demand per month, per kw-hr. 9c
For the next 200 kw-hr. per month per kw-hr. 5c
For all over the above, per month per kw-hr. 3c

For the first 40 hours use of the demand per month, per kw-hr. 9c
For the next 200 kw-hr. per month per kw-hr. 5c
For all over the above, per month per kw-hr. 3c

For the first 40 hours use of the demand per month, per kw-hr. 9c
For the next 200 kw-hr. per month per kw-hr. 5c
For all over the above, per month per kw-hr. 3c

For the first 40 hours use of the demand per month, per kw-hr. 9c
For the next 200 kw-hr. per month per kw-hr. 5c
For all over the above, per month per kw-hr. 3c

For the first 40 hours use of the demand per month, per kw-hr. 9c
For the next 200 kw-hr. per month per kw-hr. 5c
For all over the above, per month per kw-hr. 3c

For the first 40 hours use of the demand per month, per kw-hr. 9c
For the next 200 kw-hr. per month per kw-hr. 5c
For all over the above, per month per kw-hr. 3c

For the first 40 hours use of the demand per month, per kw-hr. 9c
For the next 200 kw-hr. per month per kw-hr. 5c
For all over the above, per month per kw-hr. 3c

For the first 40 hours use of the demand per month, per kw-hr. 9c
For the next 200 kw-hr. per month per kw-hr. 5c
For all over the above, per month per kw-hr. 3c

For the first 40 hours use of the demand per month, per kw-hr. 9c
For the next 200 kw-hr. per month per kw-hr. 5c
For all over the above, per month per kw-hr. 3c

For the first 40 hours use of the demand per month, per kw-hr. 9c
For the next 200 kw-hr. per month per kw-hr. 5c
For all over the above, per month per kw-hr. 3c

For the first 40 hours use of the demand per month, per kw-hr. 9c
For the next 200 kw-hr. per month per kw-hr. 5c
For all over the above, per month per kw-hr. 3c

For the first 40 hours use of the demand per month, per kw-hr. 9c
For the next 200 kw-hr. per month per kw-hr. 5c
For all over the above, per month per kw-hr. 3c

For the first 40 hours use of the demand per month, per kw-hr. 9c
For the next 200 kw-hr. per month per kw-hr. 5c
For all over the above, per month per kw-hr. 3c

For the first 40 hours use of the demand per month, per kw-hr. 9c
For the next 200 kw-hr. per month per kw-hr. 5c
For all over the above, per month per kw-hr. 3c

For the first 40 hours use of the demand per month, per kw-hr. 9c
For the next 200 kw-hr. per month per kw-hr. 5c
For all over the above, per month per kw-hr. 3c

For the first 40 hours use of the demand per month, per kw-hr. 9c
For the next 200 kw-hr. per month per kw-hr. 5c
For all over the above, per month per kw-hr. 3c

For the first 40 hours use of the demand per month, per kw-hr. 9c
For the next 200 kw-hr. per month per kw-hr. 5c
For all over the above, per month per kw-hr. 3c

Determination of Demand:

For billing purposes the consumers demand for any one meter shall be taken at 90% of the first 5 kilowatts connected plus 80% of the next 5 kilowatts connected plus 60% of all in excess of 10 kilowatts connected. Motors will be rated at 1 kilowatt per horsepower of name-plate rating. Low power factor signs and devices will be rated at 1 kilowatt per kilovolt-ampere of input and their demands added to that of other connected load determined as above.

Demands of 10 kilowatts or less shall be rated at the nearest half kilowatt, above 10 kilowatts to the nearest kilowatt corresponding to the result arrived at after applying the multipliers to the connected load as provided herein.

The demand when taken shall be effective for an initial period of one year unless superseded by a higher demand and thereafter the consumer shall have the right to require the redetermination of his demand once in any calendar year. Any change in the consumers connected load must be promptly reported to the Company so that adjustments in the demand may be made accordingly.

Minimum Charge:
Per month per kilowatt of demand or fraction thereof \$1.00.
Prompt Payment:

The above rates are net and an additional charge of 1c per kw-hr. will be made on all bills remaining unpaid on the 10th day of the month following that in which the service was rendered.

Contract Period:
Service under this rate will be rendered only under contract for a period of one year or more.

School Notes

(Written by the students of the English classes.)

Thursday morning everyone came to school wishing that school would be dismissed for the day, never dreaming that perhaps their wish would be granted. Because it was such a nice sunny day, everyone expected to work doubly as hard. Each went to class feeling as though he were being punished, but after the second hour, four bells were sounded and the students all fled into the assembly building where it was all about. Mr. Cushman announced that "School was closed for the day." Hurrah! But of course it wasn't because the students wanted a vacation, Mr. Cushman made that clear. It was because the water supply had been shut off.

Four of our girls took advantage of the nice warm day and no school and went to the lake with their bathing suits flung over their backs and all had a swim. We wonder how the water was? They were: Jean Thorn, Laura Ensign, Wilma Burrows, and Viola Kennedy.

Two more of the girls could be seen horseshoe riding. They were Laura Sammons and Ellen King.

Our first Assembly Hour was held Friday from 9:30 to 10:15. Mr. Hill led us in several songs, following which an entertainment was put on by the faculty. Supt. Bogue and Mr. Hill recited two poems and Miss Quackenbush delighted us with a fine musical number. We appreciated the program very much and wish to express our thanks and sincere gratitude for the splendid way in which they are endeavoring to improve our school and make things better and more pleasant for us. These programs are instructive as well as entertaining and tend to create a fine school spirit. They will be held once in every two weeks with a different class in charge each time. The seniors will put on the next one. Thursday: One whole session is taken for the Assembly Hour and a different one will be chosen each time, so we will not always miss the same class.

Pupils were very happy to learn that there would be no school Thursday afternoon because of the water supply being shut off. Their spirits, however, were somewhat dampened by Mr. Cushman who said that exams were to be twice as hard as the teachers had planned on giving.

Six weeks' tests were completed Friday. This new practice was introduced this year and is causing quite a number of comments among students. The purpose of the test is to really find out how much each student has learned in the six weeks of school.

Students are looking forward to report cards. Somehow they have lost all hope of getting A's. I wonder what the reason is? I heard one girl say: "Oh if I get C2 I'll be satisfied. I don't want to get below a C (sigh)." This is the wrong idea entirely. Why get a C in citizenship when it is available?

Citizenship seems to be the chief topic among students. The new report cards have several requirements for good citizenship in school. Courtesy is one of the things that citizenship is the easiest to win at. It doesn't cost any more to pass a teacher and say "pardon me" or to have a smile for her than it does to pass her with a scowl and muttering ugly things under your breath. After all she is the one who shapes you for life after school. If it wasn't for her courage, our teaching, her patience, and her ambition to make every single pupil something worth while, this would be a funny old world, both for teachers and pupils. So let's not scowl back at her just because you know her to be a teacher—forget that and think of her as a friend. It will help. Try it and see.

Last Friday at Assembly Mr. Cushman showed us our new report cards. They are in a book form about four by six inches. The front has the name of the school, a picture of the school and blank for the pupil's name, grade and year, and the principal's signature on it. The next page is for marks. This year there will be no incompletes marked on a card. Instead there will be a nice "E" which is always so pleasing to a student's eye. Also no one will be excused from any exams. The third page on the card is devoted to "Method of Grading" and explains every mark very well. The fourth and last page holds a message to parents or guardians and a place for the parent to sign his name.

Student Council
Last Friday morning during the third period we held our first Assembly. Mr. Bogue presided. He introduced the motion to start a student council. Some of the main duties of the council will be the making of laws or rules concerning the grounds about the school, how the pupils should carry themselves in the building, and also the making of rules on how to enforce these. Such things as defacing the walls and grounds of the building and scattering paper about the assembly should be stopped, and the council will make laws to take care of all of these things.

One of the main ideas is to give the pupils a chance to take part in the government of the school, and to prepare them for the future life when some of these same people may be a high official in their own town or city or perhaps the national government. If this chance ever comes they will have some experience and will not go into such office not knowing what to do.

The pupils will also pay more attention to a rule if made by their fellow students than if made by members of the school board or teachers. By doing this we will have a better government in and about the school.

The Senior class held a meeting Friday night after school to nominate candidates for the student council. There are to be three members

electd at large and one representative from each class. Those nominated by the seniors for council at large are Charles Wylie, Lewis Engel and Wm. Elmer. Miss Ellen Speck was elected class representative.

The Seniors will have a campaign rally Thursday and speeches will be given by the candidates.

Basket Ball Girls
The Basket Ball Girls are ordering new equipment which consists of a new style sweat shirt, shoes, and socks. The shirts are green and white, the two colors woven together which makes them very pretty. The shoes are like the original except that they are trimmed in green. The stockings worn last year were plain white, but the new ones are trimmed in green.

The girls think that these new items will look very nice with their former green and white suits.

Basket Ball
Oct. 31, Nov. 1 and 2 are the dates set for the boys interclass basketball tournament. Each class is expected to enter two teams. Every man participating in the tournament must have passing marks in three-fourths of his subjects.

As soon as the interclass basketball tournament is over Grayling will settle down for steady practice in preparation for the first games which is only three weeks away.

The first game is between the Alumni and the high school. Last year the high school trimmed the Alumni 35-14, but this year, the Alumni promises the local boys some stiff opposition. They have several old high school stars—Russell Roberson, Henry LaGrow, George Schwankebush delighted us with a fine roeder, Lacey and Norval Stephan, musical number. We appreciated the program very much and wish to express our thanks and sincere gratitude for the splendid way in which they are endeavoring to improve our school and make things better and more pleasant for us. These programs are instructive as well as entertaining and tend to create a fine school spirit. They will be held once in every two weeks with a different class in charge each time. The seniors will put on the next one. Thursday: One whole session is taken for the Assembly Hour and a different one will be chosen each time, so we will not always miss the same class.

Notice Track Men!!!
Coach Cushman has some very promising material for his track team of next year. At present there are two very determined young men, "Billy" LaGrow and "Ken" Stinchcomb, practicing hard in hopes of wrestling "Curly" Neal's marathon walking crown from him. Mr. Neal won this crown at Petoskey last year.

We understand that these young men make a practice of walking home from automobile rides—probably to keep in practice.

Falling List
There were many names on the falling list last week. Only 4% of the students should be failing. We find that 23.5% of the students are failing. This should be a warning to the students. Everyone should get to work and keep his name off the failing list.

Let's get to work and show the teachers that we can at least try. Particularly all high school students should try their skill at debating. I see no reason for not having seventh and eighth grade pupils at meetings.

A school our size ought to have at least twenty A and B students out for debating. It is just as important to have a debating team as a basketball team. Twenty-six reports to basketball practice almost every night. I think it would be possible to have that many in debate meetings also. Girls! Boys! Let's have two teams in-tead of one.

Junior Spirit
Topics of Interest
The first of a series of assemblies to be given every two weeks during the school year, was given last week in the Assembly room of Grayling Senior High attending. This is sort of an educational entertainment given every two weeks by the different grades. The first one, being given by the teachers—Mrs. Bogue, Mr. Cushman, Mr. Hill and Miss Quackenbush, to give the students an idea of what is to be expected of them when their turn comes. Getting up before an audience of some two hundred pupils and teachers and giving his or her selection, will give the students some experience along the ministry. Theirs is the toughest job I know, bar none. I go because I want my children to go to church. I WANT THEM TO KNOW SOMETHING MORE OF THIS LIFE THAN BUSINESS, SPORT AND AMUSEMENT. I know only one institution that will teach them that they are divine.—Edgar A. Guest.

We have on display many beautiful patterns of Congoleum and other floor coverings during the Opportunity week.

music for the dance after the basket ball games.

Just what the seventh graders find to look at in the back of the assembly room no one can find out. Can't you please enlighten us?

More Excuses!
"Mr. Cushman, may I be excused? I've got to get my hair cut." Oh well, maybe some believe a poor excuse is better than none.

Come on Juniors we've got to get that school championship in basket ball.

Our Junior Class
The Juniors form a merry circle. More than thirty warriors bold. May they hold the fort of learning. Like the gallant knights of old.

Then when the enemy attacks them. Tries to keep them from their rights. It would be well that all remember. That each student is a knight.

May they keep the laws of knighthood. Deeds of valor may they do. So that when our senior year beckons. There'll be nothing then to rue.

So let us rally 'round the standard. O'er our heads our banner reign. And I'm sure we'll win the victory. And the fruits of battle gain.

—Elmer Hunter.

TOO LATE TO BUILD HIGHWAY GARAGE
(Continued from first page)

We very much appreciate your kind offer of arranging for financing the construction of a garage for the State Highway Department until such time as our funds would permit us to pay for this garage. We feel however that it would be inadvisable for the Department to start the construction of a garage at this late period of the year, as we would anticipate considerable difficulty in getting it completed prior to winter. We have had one experience in another section of the state in starting garage construction late in the fall, and have found that it was much more expensive and unsatisfactory than to do this building work earlier in the season when weather conditions were much more suitable.

In view of these conditions we wish to state that we are communicating with Mr. Eaborn Hanson who has very kindly offered to furnish lot No. 1 block No. 4 of Martha M. Brink's addition to Grayling, without charge to the Department for this purpose, and will make definite arrangements to accept this offer and to construct this building during the early part of next summer. We believe that we will be able to finance the construction of this building next year without taking advantage of your arrangement for a loan.

Yours truly,
FRANK F. ROGERS,
State Highway Commissioner.

Why Edgar A. Guest Goes to Church
How About You?
"I go to church because I would not care to live in a city, a state or a nation in which there were no churches and no churchgoers. I would rather have churchgoers for neighbors than non-churchgoers. I have never lost faith in the purpose of the church, nor in its ministry as a body. Furthermore, I believe in the people who support the church. I have only sympathy for the members of the ministry. Theirs is the toughest job I know, bar none. I go because I want my children to go to church. I WANT THEM TO KNOW SOMETHING MORE OF THIS LIFE THAN BUSINESS, SPORT AND AMUSEMENT. I know only one institution that will teach them that they are divine.—Edgar A. Guest."
